| The materials that were presented were very interesting, and the classes were engaging, and as a result, those increased my interest in participating and being involved. |
| The material was largely interesting, and despite several schedule fluctuations, it was mostly manageable. |
| There were some days when I missed class however she was understanding of everything. My participation was little to none mostly because I am a quiet person but that didn't make it more challenging for me to do well in this course. |
| I struggled a bit with essays but I've overall spent a good amount of time on the work and I participated a lot in class |
| I remained engaged and interested in the topic |
| Having reading notes due every week ensured that I did the readings. |
| I have been struggling w mental health |

| I learned a lot about our society this year, and more about important current topics. |
| I have really enjoyed Professor's class and have learned more than I ever thought I would. She is a great professor and really cares about her students. She is genuine and understanding when things come up. I loved this class. |
| I already did research on most of these topics before however I still learned a lot. |
| The topics in the course are all extremely relevant and are interesting to talk about. |
| This course is very educational and thorough, I learned a ton |
| I definitely learned a lot about many different issues and got a chance to learn about what issues interest me most. |
| All the topics we've discussed were great and I appreciated the sometimes vulnerable insight of Professor Standlee which made the space a lot more comfortable to share |
| I feel like I can view the society I live in and other societies with more clarity based on the structure of this course. |

| I liked the textbook and readings which helped In understand and preparing for class |
| I think the reading notes were not totally effective for me. I would had preferred a quicker way to test if we've read like a pre lecture questions/ open book quiz to be completed in the same timing as reading notes |
| course materials were good supplements and syllabus was thorough, although the essay prompts and expectations could've been clearer |
| Power points were easy to understand and were helpful; they provided examples and graphics. In addition, when needed, resources were provided when difficult topics were discussed. |
| The textbook was especially helpful for making context of out larger issues, and provided access and resources to well-established works of significant sociologists. |
| The readings were all very effective and relevant to each topics (I cannot think of a better book for each!). The website has all of the notes and PowerPoints which is extremely helpful when writing papers. |
| The textbook was mostly interesting and the books were enjoyable to read as well. |
| The class materials helped me learn a lot about what was being taught in class. |

| The essays helped broaden my understanding on an issue, and I was able to take that issue and research a part of it that was interesting to me. |
| Appreciated writing essays and really discussing our knowledge through essays as opposed to exams! |
| I think the essays were good ways to evaluate what you know at any given point during the semester. The other small activities like the poverty budget activity were good supplemental work. |
| essays allow for a better assessment of comprehension, activities support learning |
| Papers were the most significant and constant form of testing, but they were very useful in making meaning and interpretation of class materials and learning how to use and cite them properly. |
