Since I took this as a random elective course and it wasn't required for my major I didn't put in as much effort as I did in my other courses, but I also found the material very interesting and was always looking forward to learning more about the topic.

I have attended every class and done the readings and other assigned work. I also try to participate in class discussions.

I attended class regularly and participated when called upon or felt that my voice needed to be heard.

i think this class is very interesting and it easy for me to stay engaged with the material and i like working on it

Q4 - How much do you think you've learned from this course?

Number of Responses	% of Enrolled Students who Responded	Number of Enrolled Students	Average

I feel more connected to social issues in the macro-level.

I had known the majority of the lecture topics, but never fully in depth. This course definitely allowed me to understand the structure and foundation of how things came to be of certain topics such as healthcare and poverty.

i have never taken a soc class before and i learned a lot about social concepts and theories

I have never taken a sociology course before in my life so this was a very good intro to soc course to teach me more about the topic.

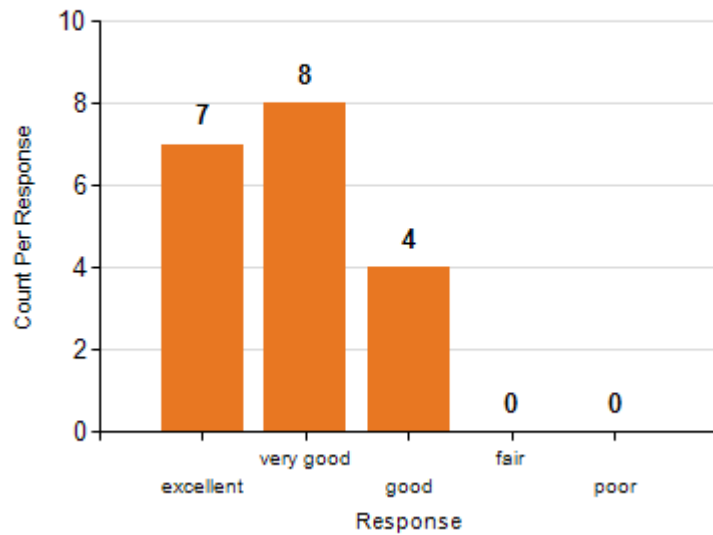

This course has taught me a lot about social interaction in our world.

This course opened my eyes to a lot of important issues that I neglected to look at before

I learned a lot in this class and enjoyed the way she presented the lectures to us

the books were very interesting!

Q5 - How helpful were the course materials used by the instructor?

Number of Responses	% of Enrolled Students who Responded	Number of Enrolled Students	Average
19	73.1%	26	4.16

Comments

i liked them a lot and they were very interesting

All materials were manageable, relevant, and very interesting

I think all of the materials were focused and helpful

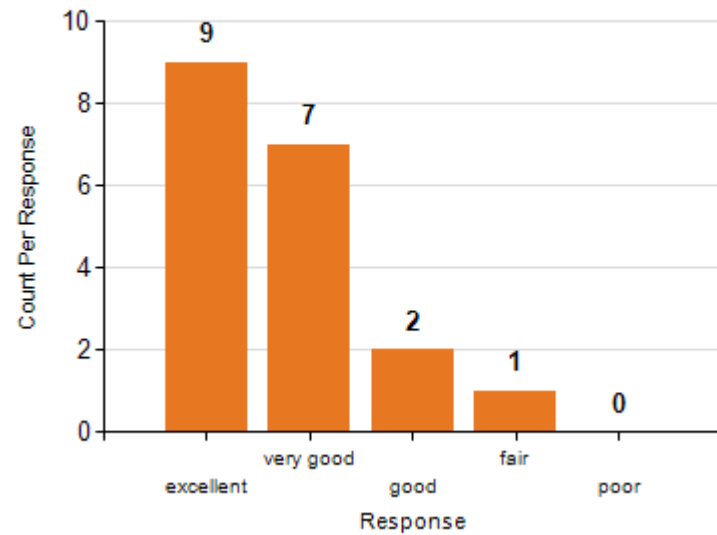

The power points and discussions used by Prof Standlee were very helpful in teaching and reinforcing the material we had read before class.

The documentaries are extremely helpful and intriguing.

My Professor did a great job at uploading all course materials and assigning readings.

the handouts were very useful and helpful to find and figure out

Q6 - How effective was the instructor in conducting class sessions?

Number of Responses	% of Enrolled Students who Responded	Number of Enrolled Students	Average
19	73.1%	26	4.26

Comments

She was always helpful and understanding and wanted to see us succeed

Professor Standlee is a great and engaging lecturer

it was very easy to stay engaged in class lectures and i enjoyed what she was talking about a lot

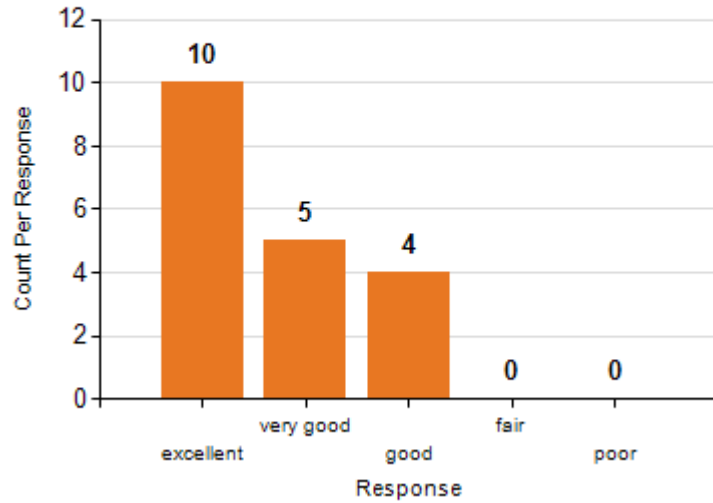

Prof. Standlee always made sure students were engaged with the material through different discussion activities which was very helpful in learning the material.

My Professor is clearly dedicated to her job, students, and field of study, and she always leaves room for questions and other discussion topics.

Professor Standlee always find ways to engage students in classroom, and she break down complex concepts effectively so that students can grasp them.

I really liked the organization of this class. It was refreshing to have a constant schedule of notes due every Tuesday, with discussions on Thursdays.

Q7 - How would you rate the assignments and tests the instructor required as measures of learning in this course?

Number of Responses	% of Enrolled Students who Responded	Number of Enrolled Students	Average
19	73.1%	26	4.32

Comments

i much rather essays then exams!

The essays were very fair

The essays were always very fair and relevant to the course work.

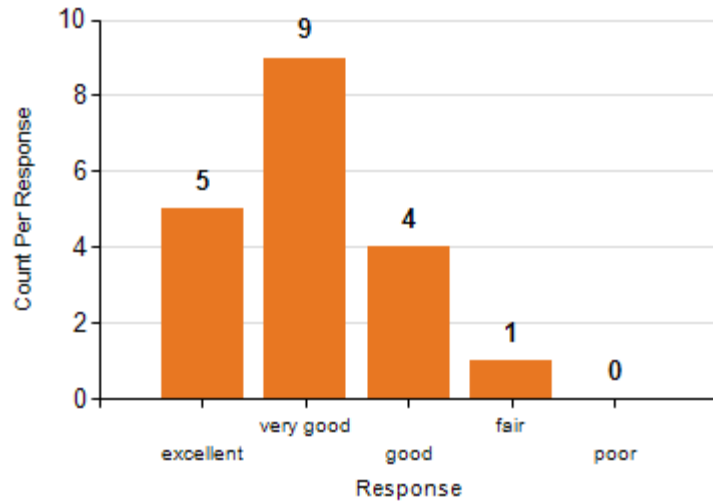

The course load is excellent. I have never felt drained or overwhelmed in this class, however, it has also been a great way to test my knowledge and learn more through essays.

The papers were a great way to analyze current issues and their origins, as well as what can be done next to solve them

i think that if we had real exams, i would not have learned as much

The essays give students an opportunity to think deeply about the books we read earlier and apply sociological concepts to analyze social problems.

Q8 - How would you rate the instructor's performance in providing fair, prompt, and helpful comments and grades on your work?

Number of Responses	% of Enrolled Students who Responded	Number of Enrolled Students	Average
19	73.1%	26	3.95

Comments

She wrote comments on our essays

i enjoyed meeting with her before my essays were do to go over the material i was going to write about

When points were deducted from assignments I always knew why and where she took the points from and it was always fair.

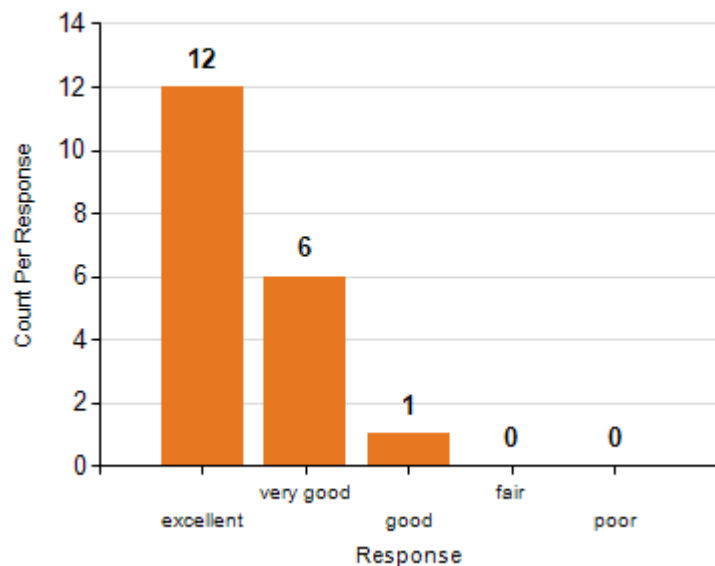

More comments on the essays or notes could be helpful

Gives good comments on how to improve on work.

My Professor has done a great job at leaving feedback on papers, however they are very general.

My papers got very useful feedback

Q9 - What is your overall rating of this instructor?

Number of Responses	% of Enrolled Students who Responded	Number of Enrolled Students	Average

Super nice and sweet and very understanding

Sometimes the material was a bit dry but Prof. Standlee did a great job at keeping me interested in the course.

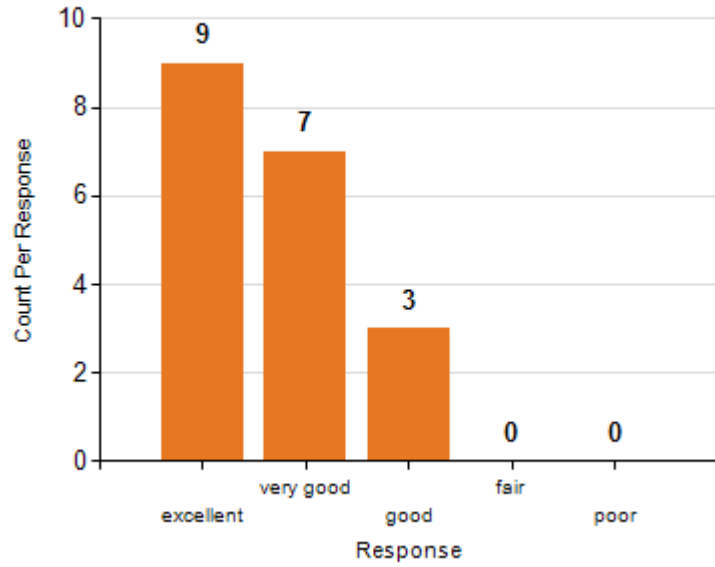

I really enjoyed her and excited to have her next year

Professor Standlee is the best! She is very kind, engaging, and organized and is always inclusive to everyone. This class is very interesting and did not stress me out, which I appreciate!

I thoroughly enjoyed having Professor Standlee and plan on having her again next spring. She gives great feedback, gives thorough presentations, and is always open to answer any questions.

Professor Standlee is very understanding and caring. She is great at explaining things, but sometimes lectures are a bit long and not very interesting.

Q10 - What is your overall rating of this course?

for an intro course it was very informative

It was boring at times, but overall I learned a great deal from this course.

I would definitely recommend this course with this professor.

Q11 - What were you not asked above that you would like to say about this class?

No experiences

I really enjoyed this course with Professor Standlee. She provides very good materials and is a very fair grader. Would recommend this course to anyone.

She was very good during remote learning.

No comments. Thank you for a great semester!

I would like to mention that this class did not allow me to express any of my own opinions, and if I did, the teacher would give me bad grades. I felt very alone.

Professor Standlee is an amazing Professor. You can tell she is passionate about what she teaches and is patient with students of all education levels about the subjects. She's informative, interesting, while also making class engaging and impactful.

	Comment on your experience with remote learning in this course or anything else you were not asked about above.	I would like to mention that this class did not allow me to express any of my own opinions, and if I did, the teacher would give me bad grades. I felt very alone.
